

Alviso Adobe Visioning Project

Why

- To develop vision and mission statements, and a strategic plan with both short term and long term goals for the Alviso Adobe Community Park
- To consider whether facility may increase utilization through modest expenditures
- To integrate newly acquired open space (Castleridge and Austin properties) into planning process

Process

- A nine (9) member task force consisting of community partners, commission representatives and community members-at-large was formed
- Task force members will be presented with and can comment on:
 - Background information on the facility and program
 - Budget information
 - Results and feedback from an online survey and community workshops
- A wide range of interested stakeholders and partners will be invited to provide their comments via the following channels:
 - An online survey
 - Two (2) community meetings
